

## DO YOU WANT TO BE STRONG?

To feel as vigorous as you were before you wasted your strength? To enjoy life again? To get up in the morning refreshed by sleep and not more tired than when you went to bed? To have no weakness in the back or "come and go" pains? No indigestion or constipation? To know that your strength is not slipping away? To once more have bright eyes, healthy color in your cheeks and be confident that what other men can do is not impossible to you? In short, do you want to be a man among men?

### Dr. McLaughlin's Electric Belt.

There is nothing so penetrating, nothing so invigorating, nothing that will relieve weakness and pain as speedily and surely as Dr. McLaughlin's Electric Belt. It is simple, but grand. It assists nature by a general reinforcement of the vital energy by infusing a mild, invigorating current of Electricity into the nerves and by supplying the system with the very essence of nerve vigor and nerve strength.

#### Lame Back and Vital Weakness.

DR. McLAUGHLIN—Dear Sir: Your electric belt has done for me all you have claimed it would, and has improved me to such an extent that I am now able to do a hard day's work, something I was incapable of before commencing your treatment. I rest well at night and my general health is better than ever. You can refer to me, and it will give me great pleasure to speak of the merits of your treatment. Very truly,

E. R. HOUSTON, Armona, Cal.

HAWAIIAN GAZETTE OFFICE.

## EXPERT ON FORESTRY

E. M. Griffith Here to Study Hawaii.

### WILL MAKE TOUR OF ISLANDS

With Wray Taylor Will Visit Nuuanu Today, Tantalus Tomorrow and Maui Tuesday.

E. M. Griffith, the long expected expert from the Bureau of Forestry at Washington, arrived yesterday on the Peru.

He wasted no time in preliminaries, and will begin active work this morning, when, together with Wray Taylor, commissioner of agriculture, he will make a visit up the Nuuanu Valley. Tomorrow he will visit Tantalus, and Tuesday he will probably leave for Maui, to begin his tour of investigation over the entire island group.

Mr. Griffith is on his way to Manila, where he will join Captain Ahern, chief of the forestry division of the Philippines. He stopped off in Honolulu at the special solicitation of Governor Dole and Secretary Cooper, who, upon his recent visit to Washington, secured a definite promise from Secretary Wilson that one of the forestry men would be allowed to stop here long enough to make a study of the forestry conditions in Hawaii.

Mr. Griffith called upon Governor Dole and Secretary Cooper yesterday morning, visiting those gentlemen in company with George R. Carter, who was at Yale with Griffith. After a brief conference, Wray Taylor was called in to consultation, and took the forestry expert in charge, to plan out a line of action during his stay in Hawaii. Mr. Griffith has but six weeks to spend in the islands, but during that time he intends to make a thorough study of the forests here. He said yesterday that he had no idea of what his work would be, as he was entirely at the disposal of Governor Dole and Commissioner Taylor, whose directions he would follow, and let them plan the campaign. From here Mr. Griffith goes to Japan, where he will spend about a month in forestry work, and then go to the Philippines.

The visit to Nuuanu and Tantalus will be made in company with Mr. Taylor, and a visit will also be made this morning to Jared Smith, at the experimental station. Tuesday Mr. Griffith goes to Maui, unless present plans are changed, and it is quite likely that he will be accompanied by Wray Taylor. In any event he will be met in Maui by Henry Baldwin, who will act as host in the tour of investigation. Upon his return from Maui, Hawaii will be visited, it having been the intention to visit this island first, but this will not be done until Eben Low can accompany Griffith on the trip, and show him the forests as they are. Probably the greater part of the six weeks to be spent here will be spent on Hawaii, where Mr. Griffith intends to make valuation surveys for practical use. No definite program has as yet been arranged, but probably will be today or tomorrow. Mr. Griffith has had little experience in tropical forests; in fact, none, excepting a brief period spent in Florida, and the work will be not only of value to Hawaii, but of interest to himself. He is a graduate of Yale, and the alumni of that institution intend to make his stay in the islands pleasant for their college mate, as well as profitable to the people of the Territory. Yesterday afternoon Mr. Griffith was taken for a drive about the city by Mr. Cooke, ending up with a dinner at the home of George R. Carter. Saturday he will be the guest of Arthur R. Judd at the polo game, and for Saturday evening the Yale men in Honolulu are planning a smoker in honor of the visitor.

### JOHN WISE AND THE OLYMPICS

Their Failure to Come to Honolulu Is Now Laid to Him.

(Special to the Advertiser.)

SAN FRANCISCO, Dec. 27.—"John Wise" is the name with which members of the Olympic Club now and their profanity, and if the distinguished politician, athlete and former interpreter of the legislature, would venture into the handsome building of the club here, it is certain that he would be plucked into the tank, and probably rubbed down with a rake afterward.

The name of John Wise has been inscribed on the tablets of the memories of the Olympic men on account of disclosure of his alleged perfidy in regard to the expected football game with Oahu College in Honolulu on Christmas day. By the steamship Sonoma, which arrived yesterday, Manager I. J. Muma, of the Olympic Club Football team, received a letter from Charles G. Bailey, explaining how the scheme had fallen through. Mr. Bailey wrote that he was a mailman in Hawaii, but had been made familiar with the ways and means committee of the Honolulu Athletic Club, entrusted with getting together the money to bring down the Olympic team. Bailey said that he had been forced to resign

about a month ago, on account of his ordinary duties occupying his time.

He wrote that Mr. John Wise had been appointed to the chairmanship, and had stated his willingness to see to the raising of the necessary sum. According to Bailey, Wise had secured \$800 very easily and then had neglected the matter and allowed the plan to die a natural death. Mr. Bailey wrote that he was unable to understand why Wise had acted in this way. He said that the people of Honolulu were anxious to have the Olympics there, and certainly would pay their share of the expenses.

The letter was read to the fifteen members of the Olympic football team while they were preparing for practice last evening. After Manager Muma had finished, there was a chorus of imprecations against John Wise, and a resolution was offered and passed that Wise be drowned in effigy in the club tank.

A figure was made of pillows and towels and labelled "Wise." It was then hurled from the upper dressing room windows into the cool waters of the pool, and the members of the team watched with glee the sinking of the pseudo Wise to the marble bottom. If Wise is as his name implies, he will steer a wide course from San Francisco.

The Olympics are congratulating themselves over the statement of one of the Honolulu football men, as published in the Examiner this morning. This statement does not ring quite true, as Honolulu football men have never been accused of lack of grit, but here it is as printed in the yellow journal:

"Our fellows got cold feet. That's the whole story. Some of them have good positions, and were afraid they might meet with an injury during the game. The Honolulu people were anxious to see the Olympic team play and readily blame can be laid at the feet of Wise and his associates. They were afraid of their football reputations, and took a back seat at the last moment. I am very sorry the game was canceled."

### DIAMOND HEAD CHARLEY'S GIFT

Merchant and Shipping Men Give Donations to Fund for Him.

"Diamond Head Charley" Peterson had his usual Christmas box, from shipping men and merchants yesterday. For a number of years it has been the custom to remember the lookout at the point, and this year, as usual, Gen. J. F. Soper acted as almoner. His collection this year amounted to \$440, and this sum was yesterday sent out to the watchman, with several small presents in the shape of cigars and other gifts.

Lay down the customary resolutions and let the old world smile.

You'll break some and keep some. Suppose you make a resolution to give your eyes better attention during the coming year.

Let us assist you with suitable glasses and we'll guarantee you greater comfort, more ease and better eyes, when another New Year confronts you. With best wishes.
